FROM THE DIRECTOR

I would like to say a personal THANK YOU to the cast and crew of this production who helped make this show a possibility. This show never would have made it off the ground if not for the people involved.

A special thank you to my Assistant Director and wife, Lynette King, who has helped me keep my head on straight through my first production I have directed. A thank you to Mary Teachout for guiding me through the ins and outs of directing, making sure that all the boxes were checked. To Emily Perry for the beautiful art of the Havana church. To Rory Miller for stepping up and leading our production in our music.

There are dozens more people to thank who, without their involvement, this show would not nearly be the amazing experience it has been.

Enjoy the show!!

We hope you have taken a few moments to admire the new hardware on the front of our little theater! Michigan Graphics and Signs out of St. Johns did a fantastic job!! We are so excited to have the part of the project done. A big THANK YOU to the grant we received from the Michigan Arts and Culture Council. Without it, it would not have been completed so soon. We can't wait to be able to put so many events up for the community to see!

While the marquee is done, we are still fundraising to have it fully paid for, and to move on to the next, and final, phase of our exterior renovation, which is masonry repair and sealing paint in a beautiful maroon color on the front of the building. We have about \$14,000 left for the marquee itself and the remaining work on the front (to be done by Purus Masonry) will cost about \$15,000.

We are grateful for the community that has gotten us this far. We can not do what we do without you and appreciate the support in keeping the Portland Community Theater in tip top shape for years to come!

If you are interested in donating to the remainder of the project please scan the QR code to go to our fundraiser page. There are many options to choose from and we thank you!!
